Reasons for allowance

1. This communication is in response to applicant's 10/05/2007 communications in the application of Hollums et al. for a "System and method for scheduling burst profile changes based on minislot count" filed 06/18/2000. . This application is a Request for Continued Examination (RCE) under 37 C.F.R. 1.114 filed on October 05, 2007. This application claims Priority from Provisional Application 60261273 filed 01/12/2001. The amendment and response has been entered and made of record. The claims have been amended to better point out and more distinctly claim subject matter comprising the invention.

2. Claims 1-15 are allowable.

3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or suggest a system for changing one or more physical layer communications parameters as configured in a physical layer device, the system comprising: a first interface for receiving the parameters; and a serial interface that stores the parameters in advance of sending the parameters to the physical layer device, stores a predetermined changeover time; and sends the parameters to the physical layer device at the predetermined changeover time, as specifically recited in the claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
